

WNB TREASURY MANAGER

Simplify your access to your account information with WNB Treasury Manager.

Timely information is necessary to optimize your organization's financial position but it is sometimes challenging to gather those details in an easy and intuitive way. This process can take the focus off the most important task – running your business. With WNB Treasury Manager, you can easily access your account information anytime, anywhere.⁽¹⁾

WNB Treasury Manager is the core platform that assists organizations with information management from your accounts to help with improved decision making, real-time money movement, and control over authorized user access.

Contact Cash Management Sales at **1-800-988-6039** to learn more about WNB Treasury Manager.

You can easily perform the following functions in WNB Treasury Manager:

- **Monitor account activity** and cash position
- **Manage funds transfers** between multiple Woodforest accounts
- **Initiate ACH transactions**⁽²⁾ for payroll, vendor payments, pre-authorized debits and more
- **Mitigate fraud** through additional services like Positive Pay and ACH Positive Pay⁽³⁾
- **Initiate wire transfers** (both domestic and international) for payments
- **Control access** through a secured portal and a specific administrator designation

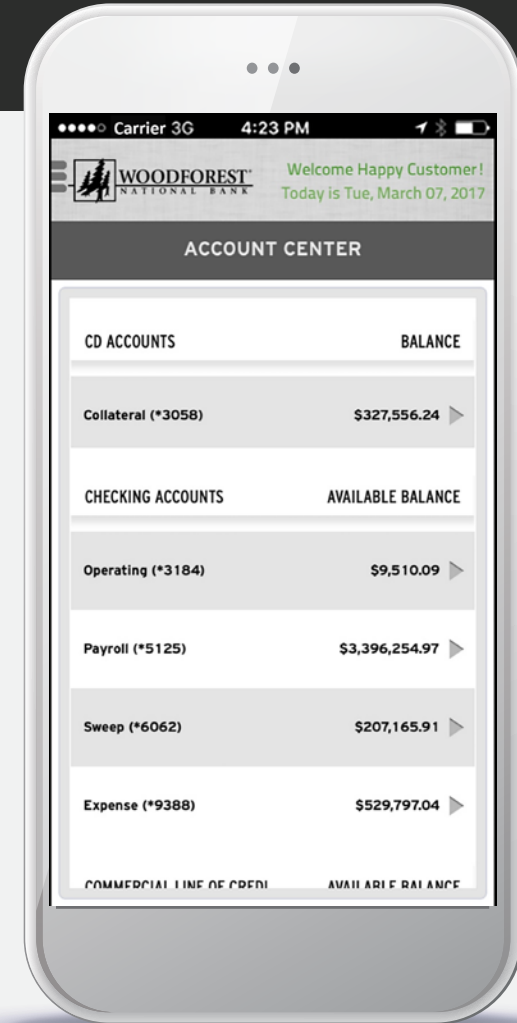

WNB TREASURY MANAGER

WNB Treasury Manager provides you with the ability to handle your cash management processes from wherever you are, no matter the time of day.⁽¹⁾
